## January 11, 2010

## Immediate Questions

Media, civic leaders, government agencies, NGOs:

1. How badly are farmers hurt?
2. To what extent are farm workers affected?

Will grocery prices increase?

## Summary \& Conclusions

- Purpose - answer \#1 and \#2
- Enterprise budgets critical in allocating losses:
- Growers
- Farmworkers
- John Q. Public
http://www.fred.ifas.ufl.edu/iatpc/budgets.php

## Cost vs. Price

 (for fresh produce)- Market price (no)
- What price?
- What yield?
- In-ground Costs (yes)
- Conservative, but Objective

## Needed Data for Cost Approach

1. Enterprise budgets - representative costs (\$/ac)
a. by stage of production (plant, grow, harvest, post, etc)
b. by financial category (variable \& fixed)
c. expected marketable yield
2. "Accurate" accounting
a. acreage
b. stage of production
3. "Good" eyes
a. grower estimates
b. county extension faculty

## Ex: MG Tomatoes (SWFla)

|  |  | $\$ / a c$ | \$/ac |
| :--- | :--- | ---: | ---: |
| Pre- <br> Harvest | Materials | $\$ 7,050$ |  |
|  | Labor | $\$ 450$ |  |
|  | OH (fixed) | $\$ 4,350$ | $\$ 11,850$ |
| Harvest | Materials | $\$ 1,125$ |  |
|  | Labor | $\$ 1,890$ |  |
|  | Selling, OH, etc | $\$ 2,370$ | $\$ 5,385$ |
| Post- <br> Harvest | Labor |  | $\$ 265$ |
| Total costs | (1,500 25-lb ctns) |  | $\$ 265$ |
| (source: VanSickle and Smith) |  |  | $\$ 17,500$ |

## SWFla Lost Acreage (Jan 2010)

Ac Lost $=\mathrm{Ac} / \mathrm{yr}$ * \% planted * \% damaged

| Crop | Annual Acreage | Lost \% | Acres Lost |
| :--- | :---: | :---: | :---: |
| Bell peppers | 7,700 | $40 \%$ | 3,080 |
| Cucumbers | 2,500 | $30 \%$ | 750 |
| Eggplant | 1,200 | $40 \%$ | 480 |
| Squash | 2,200 | $30 \%$ | 660 |
| Bush beans | 13,000 | $30 \%$ | 3,900 |
| Tomatoes (MG) | $\mathbf{2 2 , 0 0 0}$ | $30 \%$ | 6,600 |
| Sweet corn | $\mathbf{4 , 0 0 0}$ | $30 \%$ | 1,200 |
| Total | $\mathbf{5 2 , 6 0 0}$ |  | $\mathbf{1 6 , 6 7 0} \mathbf{~ a c}$ |

| Crop | Total Loss | Grower <br> Loss | Farm <br> worker <br> Loss | Non-farm <br> Loss |
| :--- | :---: | :---: | :---: | :---: |
| (\$/ac) | $(\$ / a c)$ | $(\$ / a c)$ | $(\$ / a c)$ |  |
| Tomatoes (MG) | $\$ 17,500$ | $\$ 12,100$ | $\$ 1,890$ | $\$ 3,610$ |
| Eggplant | $\$ 12,000$ | $\$ 8,200$ | $\$ 1,540$ | $\$ 2,260$ |
| Bell pepper | $\$ 18,500$ | $\$ 14,100$ | $\$ 2,750$ | $\$ 1,650$ |
| Bush beans | $\$ 4,300$ | $\$ 2,800$ | $\$ 0$ | $\$ 1,500$ |
| Cucumbers | $\$ 6,000$ | $\$ 3,250$ | $\$ 1,440$ | $\$ 1,310$ |
| Squash | $\$ 4,750$ | $\$ 2,700$ | $\$ 855$ | $\$ 1,195$ |
| Sweet corn | $\$ 5,325$ | $\$ 4,500$ | $\$ 283$ | $\$ 622$ |

Total Loss \$209.0M \$147.8M \$23.7M \$37.5M
Jan 2010, Southwest Florida

|  | 2010 Jan Southwest Florida | $\begin{gathered} 2010 \text { Jan } \\ \text { Palm } \\ \text { Beach } \\ \text { County } \end{gathered}$ | 2011 Dec <br> Southwest <br> Florida |
| :---: | :---: | :---: | :---: |
| Grower | \$147.8 M | \$50.9 M | \$158.2 M |
| Farm Worker | \$23.7 M | \$10.0 M | \$26.0 M |
| Gen Public | \$37.5 M | \$9.7 M | \$39.4 M |
| Total Value | \$209.0 M | \$70.6 M | \$223.6 M |
| Acres lost | 16,670 ac | 7,500 ac | 20,000 ac |

## Caveat

- net grower outcome uncertain, market prices may increase
- loss to farm workers and regional economy is certain

## Thank you
