

2025 National Postdoc Appreciation Week

UF|IFAS Southwest Florida Research and Education Center

Justin Schabow

United States

B.S. Horticulture

M.S. Plant Breeding & Plant Genetics

Ph.D. Plant Breeding & Plant Genetics

(USA)

Postdoctoral Researcher

Water Resources

Agricultural and Biological Engineering

jschabow@ufl.edu

I design and supervise field experiments and analyze crop and soil data to understand how management and environment affect yield and nutrient efficiency. My work combines hands-on field research with data analysis to support sustainable agriculture.
