

2025 National Postdoc Appreciation Week

UF|IFAS Southwest Florida Research and Education Center

Tad Trimarco

United States of America
From Colorado State University:
B.S. Soil and Crop Sciences
PhD Soil and Crop Sciences

Soil Health and Economics
Postdoctoral Researcher
Soil AI Lab

tadtrimarco@ufl.edu

Tad's work focuses on connecting soil health and farm finances on integrated crop-livestock systems. He uses a variety of remote sensing and artificial intelligence tools to support this global project.
