

CITRUS FARM FIELD DAY “RISKS IN TECHNOLOGY ADOPTION”

UF / IFAS Southwest Florida Research & Education Center (SWFREC)

Thursday, May 16, 2019

TENTATIVE AGENDA

8:30 a.m. Registration & Welcome

DEMONSTRATIONS

- 9:15 a.m. Influence of Irrigation and Nutrient on Growth Nutrient Acquisition and Water Relations in High-Density Young Planting and Affected Trees.....Dr. Said Hamido
Mr. Ali Atta
- 9:25 a.m. Citrus Weed Management Field Trials.....Dr. Ramdas Kannisery
- 9:35 a.m. Needle Assisted Trunk Infusion of Therapeutic Material.....Dr. Ozgur Batuman

BREAK

WORKSHOPS

- 10:15 a.m. Effective, Long-term and Crop-safe Weed Management in Citrus.....Dr. Ramdas Kannisery
- 10:30 a.m. Managing Risks in Technology Adoption.....Dr. Tara Wade
- 10:45 a.m. Vision-Based Technologies for Citrus and Strawberry Yield Mapping.....Dr. Won Suk Lee
- 11:05 a.m. Precision Agriculture Technologies and UAV Applications in CitrusDr. Yiannis Ampatzidis
- 11:25 a.m. Maximizing the Probability of New Technology Adoption SuccessDr. John Schuller
- 11:45 a.m. Payment for Water-Related Services Program for Citrus and Vegetable.....Dr. Sanjay Shukla
- 12:00 p.m. Influence of Irrigation and Nutrient on Growth Nutrient Acquisition and Water Relations in High-Density Young Planting and HLB Affected Trees Workshop..... Dr. Said Hamido
Mr. Ali Atta
- 12:20 p.m. Questions & Answers
- 12:30 p.m. Closing Remarks

LUNCH
