Greening affects 1,000-plus citrus trees in Polk County

08/30/2010 02:00:00 AM

Polk County ranks as the state's largest citrus-producing county, with more than 9.8 million citrus trees on more than 82,000 acres. Of those trees, at least 1,000 are infected with citrus greening. Those are the trees that officials know about.
